Dear Ms. Benaicha and Ms. Brochstein,

I write to provide formal notice of a documented pattern of conduct by litigation counsel representing Weinstein Management Co., Inc. and WMCI Dallas X, LLC that implicates federal civil rights statutes, including the Americans with Disabilities Act and the Fair Housing Act.

This notice is provided to ensure that corporate principals and any involved insurers are fully informed and afforded an opportunity to direct corrective action before the conduct is presented to the courts as evidence of corporate ratification.

Please confirm by **Tuesday, January 13, 2026 at 5:00 PM CST** whether Weinstein Management has directed counsel to modify the conduct described below.

Summary of Conduct

Since September 2025, counsel has engaged in a repeated and escalating course of conduct that:

- Interferes with the exercise of federally protected disability rights (42 U.S.C. § 12203(b));
- Retaliates against protected fair housing activity (42 U.S.C. § 3617); and
- Seeks to defeat accommodation requests by attacking disability status rather than engaging in a good-faith accommodation process.

This conduct intensified on January 5–6, 2026 through coordinated, multi-forum filings and communications attacking disability status and urging courts to disregard medical documentation, immediately preceding scheduled hearings. It continued today with coercive emails.

Legal Exposure

Federal law prohibits coercion, intimidation, or interference with the exercise of ADA and Fair Housing Act rights. Courts have repeatedly recognized that attacking disability status, burdening accommodation requests through overwhelming litigation tactics, and urging disregard of medical documentation constitute unlawful interference and retaliation.

Corporate Ratification

Under Texas and federal law, once corporate principals or insurers are placed on notice of counsel's misconduct, failure to direct corrective action may constitute ratification, expanding liability beyond counsel to the corporate entity and its insurers.

Request

By the deadline above, please:

1. Acknowledge receipt of this notice; and
2. Confirm whether Weinstein Management has directed counsel to:
 - Cease attacks on disability status;
 - Cease coordinated multi-forum filings designed to burden accommodation requests; and
 - Engage in a good-faith accommodation process as required by federal law.

Absent confirmation, I will proceed to present evidence of notice and non-action to the courts in connection with pending motions and federal claims.

Good Faith

This notice is sent in good faith and in the interest of compliance with federal civil rights law. The ADA and Fair Housing Act impose mandatory duties that cannot be litigated away.

I look forward to your response.

Respectfully,

Kathryn Copeland

Defendant and Counter-Plaintiff, Pro Se
