

Why This Proposal is Necessary

What I need

- Omni Fort Worth — 21 nights starting tonight; King suite now; convert to two adjoining rooms when daughters return
- Meals: \$80/day per diem or equivalent meal credits adequate for anti-inflammatory diet
- Local transport: \$30/day stipend; plus funded trips to Dr. Johnson (Richardson)
- Laundry: hotel laundry covered or \$15/day stipend
- Clean air: low-fragrance room; portable HEPA

Why I need it (medical/functional)

- Hydrotherapy (tub/spa) → pain, POTS stabilization
- Anti-inflammatory diet → MCAS, Long COVID; buffet is ineffective for protein needs
- Laundry/hygiene → infection control, MCAS triggers
- Clean air/filtration → mold re-exposure risk; low fragrance required
- Therapy space & stability → PT/OT/ST and care coordination over 2–6 weeks
- Access to Dr. Johnson + HBOT → mitigate recent re-exposure and prevent irreversible decline

Why you must do it (legal)

- FHA § 3604(f)(3)(B): provide reasonable, effective accommodations tailored to disability
- FHA § 3617: no interference/retaliation; cannot condition help on remediation method
- ADA interactive process: individualized, timely; "business practices" ≠ defense
- TDLR rules: licensed protocol & notice pre-remediation (cannot start 9/22 without filings)
