**RE: RE-SUBMISSION WITH MOTION TO CONFIRM FILING
CASE #: 26-0537
IN RE KATHRYN COPELAND, RELATOR**

DEAR MR. HAWTHORNE,

This submission re-presents the Emergency Petition for Writ of Prohibition and Notice of Presumed Indigence in Case No. 26-0537, together with Relator's Motion to Confirm Filing and Vacate Erroneous Post-Docketing Rejection.

The petition was received, filed, assigned Case No. 26-0537, and served on all parties on May 27, 2026, as reflected in the Clerk's own FILE COPY notice. The subsequent rejection issued May 28 is the subject of the attached motion.

Three independent grounds establish that § 11.103(a) does not apply to this proceeding: (1) the petition was already on file before

the rejection issued; (2) it is not "new litigation" under *Serafine v. Crump*, 691 S.W.3d 917 (Tex. 2024), because it is ancillary to a pending appeal; and (3) no local administrative judge exists for the Supreme Court of Texas, making the permission mechanism structurally impossible to satisfy.

Relator respectfully requests that this submission be transmitted to the Court for consideration rather than rejected on administrative grounds.

Respectfully submitted,

A handwritten signature in black ink that reads "Kathryn Copeland". The script is cursive and fluid.
